

Energy Trust Employee Benefits Summary for 2022

Medical, Vision and Alternative Care Benefits

Full-time employees at Energy Trust of Oregon are eligible to enroll in healthcare benefits which include medical, dental, prescription, chiropractic and alternative care coverage. Coverage becomes effective the first day of the first month following the date of hire. Energy Trust currently has two plans being offered, both at 92% of the healthcare premium for employees and their dependents, with the remaining 8% contributed by the employee via a biweekly payroll deduction.

Eligible employees can choose from two medical plan options. These are the premium costs for the Preferred Provider Organization (PPO) and High Deductible Health Plan (HDHP) covered at 92% options in 2022:

Medical coverage tier	PPO plan per pay period	HDHP with HSA per pay period
Employee Only	\$35.33	\$28.43
Employee and Spouse/Domestic Partner	\$81.26	\$65.38
Employee and Child(ren)	\$65.33	\$52.59
Employee and Family	\$100.69	\$81.01

For employees who have qualified coverage through other means and choose to opt out of medical benefit coverage, Energy Trust will pay \$225 a pay period, up to \$5,625 annually, in lieu of coverage. Employees who are enrolled in the High Deductible Health Plan (HDHP) are eligible for a Health Savings Account (HSA). HSA funds may be used to pay for eligible healthcare expenses on a pre-tax basis. Once enrolled, Energy Trust will contribute to an employee's HSA on a per-pay period basis. In addition to Energy Trust contributions, employees may elect to contribute their own savings to an HSA on a pre-tax basis through convenient payroll deductions.

The maximum annual contribution amounts allowed by the IRS for 2022 are \$3,650 for individual coverage, \$7,300 for family coverage and an additional \$1,000 for those age 55 or older.
